

ONCE IN A LIFE TIME OPPORTUNITY

Voting **YES** in the Alternative Vote (**AV**) referendum you can choose a new and fairer system and replace the discredited First Past the Post system.

AV is a small change that will make a huge difference to how your MP behave towards you

1

AV means that your next MPs will need to work harder to earn and keep your support

Under AV your next MP will need to get more than 50% of your vote to be sure of winning. Under the current system they can take power with just one vote in three. **Make your MP work harder to win and keep your support by voting YES for AV.**

2

AV allows you to rank candidates, making every vote count

Under AV you can rank candidates to express your actual preference. If your favourite doesn't win, you can still have a say. Its as easy as 1,2,3. If you prefer to only vote for one candidate you can continue to do. **Surely that is fairer for everyone.**

3

No more "jobs for life" and expenses abuse by your MP

Make your MP and their political party sit up and listen and reach out to every part of the communities they seek to represent. **"Safe seats" make MPs complacent and can ignore your views.**

Its simple. If someone wants to represent your community they need the vote of the majority of the community. **That's what making each vote count really means.**

AV keeps what works with our current system, and eliminates many of the weakness. It's a long overdue upgrade to make a 19th Century system fit for the politics for the 21st century.
